Work Experience

Full Stack Web Developer

03/2023 – Present

Freelancer

Remote

- Delivered websites and web applications for clients across media, arts, and home services industries, including custom WordPress themes, Squarespace builds, and landing pages
- Integrated third-party APIs, headless CMS platforms (Contentful, WordPress), and marketing tools (Mailchimp) into client projects

Full Stack Software Engineer

02/2022 – 02/2023

Litentry Technologies

Berlin, Germany

- Rebuilt a proof-of-concept into a production-ready Next.js application within 9 months, working across the full development stack in an agile team
- Established team-wide coding standards and documentation within 3 months, accelerating onboarding and reducing knowledge bottlenecks
- Maintained version control and CI/CD pipelines using Git, GitHub Actions, and Vercel

Full Stack Web Developer

06/2018 – 11/2021

AFKM

Berlin, Germany

- Built fast, animated Nuxt.js sites from Figma designs using headless CMS and CI/CD, optimized for non-technical editing, 90+ Google PageSpeed scores, and legacy browser support
- Built various full-stack web applications for culture and media clients, including a physics-based timeline UI, searchable OCR-powered databases, and real-time collaboration tools
- Prototyped a serverless backend architecture using Firebase, RabbitMQ, Redis, and Dockerized web crawler workers

Web Developer & Web Manager

01/2017 – 07/2017

Steyoyoke Recordings

Berlin, Germany

- Worked with label head directly to develop and customize WordPress websites, landing pages, third-party and API integrations, and custom HTML emails
- Developed a custom full-stack web application (LAMP) for membership-based access to release catalogs

Education

BS in Business Administration

09/2010 – 08/2014

Old Dominion University

Norfolk, Virginia
